After the NOCs'/NFs' confirmation of team participation and the reallocation of withdrawn team quota places (if applicable), the FEI will inform the respective NOCs/NFs in writing of their allocated individual quota places on 1 February 2028, and each NOC with individuals must confirm the use of quota places by 8 February 2028, as detailed in paragraph **H. Qualification Timeline**.

E.2. Confirmation of Host Country Places

The host country must provide its NOC Certificate of Capability by 10 January 2028 and confirm in writing to the FEI the use of its host country places by 12 January 2028.

F. REALLOCATION

F.1. Reallocation of unused Quota Places

1. Unused Team Quota Places Excluding Host Country

1.1 If an NOC does not confirm the NOC Certificate of Capability (as defined in the Appendix) by 10 January 2028 or informs the FEI, by 20 January 2028, that it is declining its team quota place, the team quota place will be considered to be withdrawn and will be reallocated as follows:

(i) if the quota place to be reallocated was earned at the FEI Jumping World Championships 2026, the quota place will be awarded to the NOC of the next highest placed team at the FEI Jumping World Championships 2026, excluding any teams already qualified;

(ii) if the quota place to be reallocated was earned at an FEI Olympic Group Qualification Event (as defined in the Appendix), the place will be reallocated to the NOC of the next highest ranked team in the overall classification of the relevant FEI Olympic Group Qualification Event, excluding any teams already qualified.

An NOC that is reallocated a quota place through the above procedure will have a period of one week to confirm to the FEI that it will accept the quota place. If the NOC does not confirm the quota place, paragraph 1.2 below applies.

If it proves impossible to reallocate a quota place through the reallocation process under (ii) above, the place will be reallocated to the NOC of the next highest placed team at the FEI Jumping World Championships 2026, excluding NOCs already qualified with a team. Then, if the quota of 20 teams cannot be reached by the above reallocation process, to the Composite Team(s), provided that this/these NOC(s) had the minimum three eligible combinations as of 31 December 2027.

An NOC will be eligible to accept a quota place reallocated in accordance with paragraph 1.1 only if the NOC had the minimum three eligible combinations as of 31 December 2027.

1.2 If an NOC has declined a team quota place by 20 January 2028 or an NOC has not confirmed the NOC Certificate of Capability (as defined in the Appendix) by 10 January 2028, that NOC will not be automatically entitled to be allocated an individual quota place, but will remain eligible to receive an individual quota place through the FEI Jumping Olympic Rankings as per the method set out in D.1 above.

For the purpose of this process, the term “withdrawal” means either:

(i) written notification by an NOC to the FEI that the NOC is declining its team quota place, or

(ii) if an NOC does not confirm its NOC Certificate of Capability (as defined in the Appendix) by the 31 December 2027 deadline.

1.3 IF an NOC withdraws its team quota place after 20 January 2028 or does not submit a valid FEI Certificate of Capability by 12June 2028, the following procedure will apply:

(i) Where an NOC withdraws its team quota place after 20 January 2028 but on/before 11 June 2028:

(a) Jumping World Championships 2026, excluding any teams already qualified. If the quota place to be reallocated was earned at the FEI Jumping World Championships 2026, the quota place will be awarded to the NOC of the next highest placed team at the FEI Jumping World Championships 2026, excluding any teams already qualified. That NOC shall have a period of one week or until 23:59 (Lausanne time) on 12 June 2028 (whichever is earlier) to confirm to

the FEI that they accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne) on 12 June 2028.

If an NOC that is reallocated a quota place as per paragraph 1.3 (i) (a) above declines the place or does not confirm it by the applicable deadline (as set out above), the team quota place will be further redistributed to the NOC of the next highest placed team at the FEI Jumping World Championships 2026, excluding any teams already qualified. That NOC will then have a period of one week or until 23:59 (Lausanne time) on 12 June 2028 (whichever is earlier) to confirm to the FEI that it will accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

(b) If the quota place to be reallocated was earned at an FEI Olympic Group Qualification Event (as defined in the Appendix) the place will be reallocated to the NOC of the next highest ranked team in the overall classification of the relevant FEI Olympic Group Qualification Event, excluding any teams already qualified. That NOC will then have a period of one week or until 23:59 (Lausanne time) on 12 June 2028 (whichever is earlier) to confirm to the FEI that it will accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

If an NOC that is reallocated a quota place as per paragraph 1.3 (i) (b) above declines the place or does not confirm it by the applicable deadline (as set out above), the team quota place(s) will be further redistributed to the NOC of the next highest placed team at the relevant FEI Olympic Group Qualification Event, excluding any teams already qualified. That NOC will then have a period of one week or until 23:59 (Lausanne time) on 12 June 2028 (whichever is earlier) to confirm to the FEI that it will accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

An NOC will be eligible to accept a quota place reallocated in accordance with paragraph 1.3 only if the NOC had the minimum three eligible combinations as of 31 December 2027.

1.4 If it proves impossible to reallocate a quota place through the above reallocation processes, the place will be reallocated to the NOC of the next highest placed team at the FEI Jumping World Championships 2026, excluding NOCs already qualified with a team.

If the quota of 20 teams cannot be reached by the above reallocation process, the Composite Team process will be used (as per paragraph 1.6 below), provided that these NOC(s) had the minimum three eligible combinations as of 31 December 2027.

1.5 If the full quota of 20 teams has not been reached following the reallocation of team quota places as detailed above, the unused athlete quota places (three per team) will be reallocated to the NOCs as individual quota places. These places will be allocated to the NOC of the next highest ranked athletes in the overall FEI Olympic Ranking – Jumping, excluding NOCs that have already accepted a team quota place and excluding NOCs that have already accepted an individual quota place, and provided that the NOC has at least one athlete/horse combination that fulfils the MER by the MER Deadline.

The total number of teams participating in the team competition, including Composite Teams (as per paragraph 1.6 below), may not exceed 20.

1.6 Composite Team: A three-member team from an NOC. The Composite Team will be selected according to the following process:

(i) the respective ranking points of each NOC's top three different athletes in the overall FEI Olympic Ranking – Jumping will be added together to give the cumulative ranking points;

(ii) the NOC with the highest cumulative ranking points will be awarded the redistributed quota place;

(iii) in the event of a tie (i.e. where the cumulative ranking points are the same), the redistributed quota place will be awarded to the NOC with the highest ranked athlete in the overall FEI Olympic Ranking - Jumping. In the event of a further tie, the redistributed quota place will be awarded to the NOC with the second highest ranked athlete in the overall FEI Olympic Ranking - Jumping, and so on. If the tie cannot be broken by following this process, the FEI will invite the NOCs/NFs concerned to a draw.

2. Unused Individual Quota Places

2.1 If an allocated individual quota place is not confirmed by the NOC or is declined by the NOC by the confirmation deadline, 8 February 2028 or if an NOC that has been allocated an individual quota place declines its individual quota place on/after 8 February 2028 but before 12 June 2028, the quota place will be reallocated to NOCs as follows:

(i) If the unused individual quota place was earned through the 2027 Pan-American Games, it will be reallocated to the NOC of the next highest placed athlete on the overall individual classification at the 2027 Pan-American Games, excluding NOCs already qualified. That NOC will then have a period of one week or until 12 June 2028 (whichever is earlier) to confirm to the FEI that it will accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

If the NOC that is reallocated a quota place as per paragraph 2.1 (i) above declines the quota place or does not confirm it by the applicable deadline (as set out above), the quota place will be further redistributed through the overall FEI Olympic Rankings – Jumping.

(ii) If the unused individual quota place was earned through the FEI Olympic Ranking - Jumping for the FEI Olympic Groups A, B, C, F, G, D and/or E (combined) the quota place will be reallocated to the NOC of the next highest ranked athlete in the FEI Olympic Ranking - Jumping from the relevant FEI Olympic Group(s) (with FEI Olympic Groups D and/or E considered as one combined group for this purpose), excluding NOCs already qualified. That NOC will then have a period of one week or until 12 June 2028 (whichever is earlier) to confirm to the FEI that it will accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

(iii) If it is not possible to reallocate the quota place to an NOC from the same Olympic Group pursuant to paragraph 2.1(ii) above, the place will be reallocated to the NOC of the next highest ranked athlete in the overall FEI Olympic Ranking - Jumping, excluding NOCs already qualified. That NOC will then have a period of one week or until 12 June 2028 (whichever is earlier) to confirm to the FEI that it will accept the quota place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

(iv) If the unused individual quota place was earned through the overall FEI Olympic Ranking - Jumping, the quota place will be reallocated to the NOC of the next highest ranked athlete in the overall FEI Olympic Ranking - Jumping, excluding NOCs already qualified. That NOC will then have a period of one week or until 12 June 2028 (whichever is earlier) to confirm to the FEI that they accept the quota

place. The NOC must submit the FEI Certificate of Capability to the FEI by 23:59 (Lausanne time) on 12 June 2028.

2.2 If there are any unused or unallocated individual quota places after 12 June 2028, these will be reallocated to the NOC of the next highest ranked athlete in the overall FEI Olympic Ranking - Jumping who has not already been allocated a quota place, subject to the following conditions:

(i) The relevant NOC(s) must have at least one athlete/horse combination that met the MER by the MER Deadline; and

(ii) The NOC must submit a FEI Certificate of Capability no later than one week after being informed of the allocation of the quota place or before 25 June 2028 (whichever is earlier), provided that all athlete/horse combinations on the FEI Certificate of Capability had achieved the MER by the MER Deadline of 11 June 2028.

2.3 If the maximum quota of 75 athletes has not been reached following the reallocation of individual quota places as detailed above, any unused individual quota places will be reallocated to the NOC(s) of the next highest ranked athlete(s) in the overall FEI Olympic Ranking - Jumping, from an NOC that has already earned an individual quota place (with a maximum of two individual quota places per NOC), subject to the NOC(s) meeting the conditions set out in paragraphs 2.2 (i) and (ii) above. Under no circumstances may the total number of athletes exceed 75.

2.4 No reallocations will be made by the FEI after the Los Angeles 2028 Sports Entries deadline has passed.

F.2. Reallocation of unused Host Country Places

If the Host Country is unable to field a team or decides to send one eligible athlete instead of a team, the unused athlete quota places will be reallocated to the NOCs of the highest ranked athletes who have not already qualified in the overall FEI Olympic Ranking – Jumping.

G. AP ALTERNATE ATHLETES

Definition:
Ap athletes are non-competing athletes accredited in the “Ap” category who have different entitlements to competing athletes (accredited as “Aa”), as described in the “Ap” accreditation quotas and conditions outlined in the IOC ACR Annex 1 - Accreditation at the Olympic Games. These alternate athletes are not part of the athlete quota as described in Paragraph **B. Quota Places**. “Ap” alternate athletes could become competing athletes only under the conditions outlined in the IOC/Los Angeles 2028 Late Athlete Replacement policy. Only NOCs that have qualified a team are entitled to an “Ap” athlete (one athlete and one reserve horse per team) as described in the qualification system.
