According to the Modern Pentathlon Qualification System (QS) for the LA28 Olympic Games, published by UIPM ([link](#)), the eight (8) highest-placed athletes in each gender shall be allocated one (1) quota place, with a maximum of one (1) quota place per NOC.

**Should one NOC have more than one athlete within those places, the quota will be allocated to the athlete in the highest place, and other quota place (s) will be allocated to the next highest ranked eligible athlete(s) of (an)other NOC(s).*

If the quota place is obtained by an athlete who already got a quota place at the UIPM 2027 World Cup Final or the UIPM 2027 Pentathlon World Championships, the quota place will be allocated to the next highest placed athlete who is eligible but not yet qualified.

In addition, the 2027 European Games are included in the LA28 Qualification System as an eligible competition for the UIPM Olympic Pentathlon World Ranking. At the end of the qualification period, four (4) quota places will be allocated through that Ranking, open to athletes from all NOCs irrespective of continental representation.
