D.1. Quota places		Qualification events
MEN / WOMEN	40 men 40 women (80 athletes)	**World Skateboarding Ranking of 11 June 2028** The WSR recognises and awards points in the following tiers of World Skate-sanctioned events for each discipline: • Olympic Q-Series • World Championships • World Cup events The World Skateboarding Ranking is sanctioned by World Skate and issued on the first day of each month and within 72 hours of the completion of each competition. The WSR and event calendar can be found here. The WSR criteria will also be released here before the start of the Olympic qualification period. WSR points can be earned between 11 June 2026 and 11 June 2028 inclusive, across two phases: **Phase 1 – 11 June 2026 to 31 March 2028** For the events that are part of the first phase of the qualification system, National Federations are free to register athletes within the participation quotas set by World Skate and detailed in the official event bulletins. **Phase 2 – 31 March to 11 June 2028** For events in the second phase of the qualification system, National Federations can only register eligible athletes who have received a nominal quota place based on their achievements during Phase 1. A total of 44 athletes per discipline and gender, with a maximum quota of six athletes per NOC, will have access to Phase 2 competitions. The nominal quota for Phase 2 will be allocated by World Skate based on the WSR standings and in line with the criteria released before the start of Phase 1 by the International Federation. Details on WSR points allocation are determined by World Skate and available at Olympic Qualifying System. Athletes eligible for a quota place for the Olympic Games will be selected by name from the WSR as of 11 June 2028, following the conclusion of all eligible WSR events. There will be a maximum quota of three athletes per NOC per gender and per event until a total of 20 athletes is reached, including continental places.

MEN / WOMEN

Each of the five continents of the Olympic Movement is guaranteed one athlete per event, if such athletes have not qualified in accordance with the above qualification criteria (continental places). These continental places will be allocated to the highest-ranked athlete(s) in the World Skateboarding Ranking from the continent(s) without representation, if such athletes are listed in the WSR. If there is no athlete from a continent listed on the WSR on 11 June 2028, the WSR from 31 March 2028 will be used.

D.2. **Host country places**

The host country is guaranteed one athlete in each of the women's and men's events if it does not already have athletes qualified. The athlete selected by name will be the highest-ranked athlete from the host country listed in the World Skateboarding Ranking as of 11 June 2028. In the event that no athlete from the host country is listed in the WSR on 11 June 2028, the WSR from 31 March 2028 will be used. If there is still no athlete listed, World Skate will, in collaboration with the host country's NOC, identify which athlete(s) will represent the host country.

D.3. **Universality places**

One men's and one women's universality place per event is available to eligible NOCs at the LA28 Olympic Games.

On 1 October 2027, the IOC will invite all eligible NOCs to submit their requests for universality places. The deadline for NOCs to submit their requests is 15 January 2028. The Tripartite Commission will confirm, in writing, the allocation of universality places to the relevant NOCs after the qualification period.

Athlete eligibility:

To be eligible to receive a universality place, athletes must satisfy one of two specific ranking criteria based on the WSR. The eligibility threshold is determined by the better (lower figure) ranking position resulting from these two criteria:

1) Being ranked within the top 50% of the total ranked positions in the WSR.
2) Being ranked within the top 50 positions overall.

For example: if the WSR for women's street has 80 ranked positions, the eligibility threshold would be set at the 40th ranking position.

If there is no athlete listed on the WSR on 11 June 2028, the WSR from 31 March 2028 will be used.

Detailed information on universality places is contained in the "Games of the XXXIV Olympiad, Los Angeles 2028 – Olympic Games Universality Places – Allocation Procedure and Regulations" document.
